

## 9206 Gemini

Rigid cervical collar in 2 pieces size SHORT

### FEATURES

GEMINI cervical collar is an highly professional instrument indispensable for the emergency operator. Composed by 2 parts, it is positioned in the front and rear part of the neck allowing thus a perfect immobilization of the rachis. Central hole for tracheotomy, easy to be used and adjust thanks to the rip-off fastening. Made with stamped polyethylene coloured to identify various size and E.V.A. washable inner lining fixed by plastic rivets. Available in 6 different size.
