

11220 Oxytest

OXYTEST portable pulse oximeter complete with adult sensor, USB cable and AAA battery

FEATURES

Oxytest is a portable pulse oximeter, easy to use and light for transport. Complete with:

- Oled display, four directions to display arterial oxygen saturation, pulse rate and pulse strength
- battery voltage indicator
- standby or automatic suspension

Thanks to the sensors art. 11224 and art. 11222 (not included in the package), it is possible to use Oxytest also for children and new born.
